

NOOR AL BURRAQ

# INTRODUCTION

Our highly progressive trading led firm was formed with a vision to liberate ideas of trading to set a benchmark in this modern trading era as pioneers of trading business. Noor AL Burraq is a renowned name in the world of trading that aspires to rise with a whole new view of trading consisting of an effective yet efficient way of carrying imports and exports. Our company imports and exports a diverse range of electrical and lightening products of top tier quality. To adapt to the need of growing demand we began to import and export more products that includes Tissue Papers & Machinery, Cosmetics, and personal care products etc.

## MISSION & VISION

To stand out in the market by offering prime quality and cost-efficient products to our customers in order to provide guaranteed satisfaction and to lead in the right direction by adapting progressive modern trading tactics.

Building healthy relations with our customers and production companies by prioritizing their needs and offering services of supreme quality. We believe in maintaining a trusted network with our patrons in order to leave a lasting impact.

The background image shows an outdoor dining area at night. The ceiling is covered with a dense arrangement of large, circular, woven thatched umbrellas, each with a small light source inside, creating a warm, ambient glow. Below the roof, there are several wooden picnic tables and white metal chairs. In the foreground, a wooden picnic table is visible with a glowing lantern on it. The area is surrounded by a white railing, and in the background, there is a view of a body of water and distant lights under a dark sky.

# Equipment Supplies

Noor Al Burraq General Trading LLC specializes in providing source and supply solutions to power generation, oil & gas, petrochemical, automotive and construction industries, onshore/offshore drilling, Civil and MEP Work, universities, research & technical education centres.

Noor Al Burraq General Trading LLC has associations with renowned manufacturers and suppliers across Canada, Europe and Asia. Our clients include major international, regional and national companies like exploration and drilling companies, refineries, petrochemical plants, pipeline projects, suppliers, research institutions and universities, General item supplies and EPC contractors.

We serve our clients through a comprehensive four-step process:

\*\*\* The client specifies what product they need.

\*\*\* We identify companies that can deliver the product promptly, at the right price.

\*\*\* We assist the client in selection process through an industry tested standard.

\*\*\* We negotiate and deliver the product to our client's complete satisfaction.

Noor Burraq is a full service and supply company, the powerful procurement solution provider which allows clients to make substantial savings of time and money.

We enable our clients to efficiently and effectively procure their products and services.

By combining our extensive research that expedites the selection process with performance data on companies, our solution dramatically reduces the time, cost and risk involved in connecting to the right company for their procurement needs. Our manufacturers are carefully scrutinized, examined and selected by relying on the vast and extensive experiences of our staff.
