MADE IN PAKISTAN

COMPANY INTRODUCTION:

HELLO AND WELCOME, NOOR AL BURRAQ
GENERAL TRADING LLC.

We deal in export quality Himalayan salt products.
We are specialized in meeting the expectations of
our clients. Thinking out of the box is what we do.
Our mission is to expand the exports of Pakistan
and make good clients all over the World.
Contact us for queries.

The popular pink salt isn't just for sprinkling over dinner or a soothing bath anymore. Himalayan salt lamps have made their way from specialty apothecaries into decor magazines. The lamps are made from solid Himalayan salt from Pakistan. They are lit from the inside with a bulb, and the combination gives off a relatively dim, amber light. The appeal isn't just visual. Many believe that salt lamps have health benefits from curing asthma to detoxing a room.
